## Budget-oriented and very variable.

The SGVK13 and AGVK13 cloakroom lockers and units are the budget-oriented solution for the cloakroom area. A locker body made of lacquered steel or aluminium in combination with a door made of 13 mm HPL solid grade laminate material opens up a wide range of design options. The spot-welded locker body guarantees high stability. The protective stove enamelling provides the necessary surface protection and a long product life.
